*Thank you for your interest in
Glencove Marina's boat storage
now exclusively at the 3mm!*

We offer clean, secure boat storage to ensure that when you are away from your boat, your worries are left behind. We walk the docks every day and we offer a gated facility with parking right at the waters edge for easy access to your boat.

Choose slip rental or dry storage to suit your needs. Select boat and PWC hoists are available for rent or you can install your own approved lift. All docks are state of the art and were new in 2008 after the ice storm!

We're located in the back of a very deep cove off the main channel at the 3mm, keeping rough water to a minimum. We stock an onsite Sea Store with ice, beer, soft drinks, snacks, oils, some parts, and boating accessories. We pump unleaded and premium fuel and offer a full service pump out station (free pump out for renters when they do it themselves).

Our on site award winning BOAT & PWC service department is open 7 days a week (in season) and offers some of the best certified technicians at the lake. We can now service your PWC at the 3mm!!

Our private club house for slip renters includes separate showers/bathrooms, a living room setting with TV and an air conditioned environment. A Washer and Dryer is available for your use... just bring your detergent.

We appreciate referrals from our customers! If you are an annual storage customer and you refer someone who also becomes an annual storage customer, we'll give you a \$150 Glencove gift card to be used for fuel, boat detailing, parts or accessories as our Thank You!

Did you know that you can save money by being an annual storage customer? That's right. When you pay for your slip rental or dry storage for the year, you receive an automatic 5% discount on all parts, groceries, beer, and yes..... GAS! Sign up and start saving money today.

If you have any questions, call (573) 365-4001.
Email: AR@GlencoveMarina.com

Warning.... many of our customers come and never leave because they love it here!!
